# Enviroscientists, Inc.

Was founded in 2000 to provide environmental support services to mining, natural resource development companies, government (GSA Contractor), and institutional clients required to evaluate environmental effects and maintain regulatory compliance. Enviroscientists specializes in mining projects on Bureau of Land Management, U.S. Forest Service, State, and private lands. The Reno, Nevada and Elko, Nevada office locations provide our staff convenient bases to serve clients with projects located throughout the western United States.

-  California, Oregon, Nevada & Idaho Certifications
-  General Services Administration (GSA) Contract #GS-10F-0240L
-  Dun & Bradstreet Corporation Number: 004069923
